Dear Parents/Carers

### **Covid -19 Update**

Advice from Public Health England is the Middlesbrough area is operating local restrictions due to the infection rate rising and it has been strongly advised to remind parents not to send students into the academy if they are displaying symptoms.

Understandably, in line with the high number of cases in the Middlesbrough area, we have dealt with positive COVID-19 cases, here at the academy. When this arises, we always follow our own robust procedures and the advice of Public Health England.

It is vitally important that you follow Public Health guidelines and I must stress you **must not** send your child into the academy if they have any **one** of the following:-

- **A high temperature**
- **Loss of taste or smell**
- **Continuous cough**

Your support and cooperation in this is greatly appreciated.

Yours sincerely

Mr T Urwin  
Principal.
